About Us

Stars Packaging Industries LLC is a disposable packaging container supplier. By combining professionals, creative products, robust processes, leading edge technologies and a relentless focus on continuous improvement has resulted in the Factory leading the disposable food packaging industry in the middle east.

Stars Packaging Industries LLC was established in 2014 focusing on the gap in the market for food packaging items, like 1,2,3,4 Oz, 250 ml, 350 ml, 450 ml, 500 ml Polypropylene containers with closure lid.

The company started its journey with fully automated and highly advanced technology machines from Switzerland along with automated European grinding and packaging units and sophisticated European molds.

Mission

To lead the disposable food packaging industries in this region and ensure the supply of hygiene product in the market by delivering the greatest service, such as high-quality products, quick delivery and with best price.

Vision

By aiming to be the center of hope, innovation, and continuous change in the global standard of quality products. Allowing micro and macro enterprises to function effectively to meet consumer needs and market demand. Putting the company on the premises to deliver the quality seal for greater prospects in the manufacturing and packaging industries.
